June 28, 2019

Based on the material filed and the submissions of counsel, I am satisfied that the orders requested approving the sale of the property and granting a vesting order as well as approving the first and final report of the Receiver, approving the fees and disbursements of the Receiver and its counsel, approving the distribution of the sale proceeds and discharging the Receiver should issue.

I am also satisfied that, based on Series, a vesting order should issue in respect of the five confidential appendices to the Receiver's Report but only upon completion of the sale and filing of the Receiver's Certificate. Orders signed by me. Adalberto J.
