This motion to extend the time to file a proposal to February 13, 2022 proceeded before me today by Zoom. Participant slip is attached. The motion is unopposed.

Based on the Proposal Trustee's Third Report, there is sufficient liquidity to fund both the Company's operations and these proceedings during the extension period; the Company is acting in good faith and with due diligence; the extension will not materially prejudice creditors; and the Company will likely be able to make a viable proposal if the extension is granted.

Order to go as signed by me and attached this email endorsement. This order is effective from today's date and is enforceable without the need for entry and filing.
