So if someone complained to you, or you had heard that someone had complained about not being able to be paid out, where would you go? What would you do? A. If it was a standard affiliate, then I would just tell them to follow the system, follow the steps as they were originally told. If it was one of these super affiliates, I would talk to Chris. 508. Q. And the super affiliates, because those are the big affiliates that we listed a couple

There wereI know that there were people who were able to infiltrate the system and basically create themselves inventory that would generate revenue that they never paid for. I know people stole money from other people saying that they would give them things. I knowthere were loopholes that people would find out and exploit. Ways to earn money faster or up the amount or make it faster how they earned their money. 498. Q. Right, and you knew that was happening a lot in the Banners Broker case, unfortunately? A. I didn't know that it was happening a lot, I just knew that it did happen. 499. Q. Did you have some sense of how frequently it was happening? A. No clue. 500. Q. What do you know about the payout mechanism for Banners Broker, in terms of efficiency with which that operated? A. I know that there were a lot of people complaining that they weren't receiving their payouts, near the end. I know that Chris singlehandedly took care of all of that. 507. Q. So if someone complained to you, or you had heard that someone had complained about not being able to be paid out, where would you go? What would you do? A. A. That's the only reason and I knew that. Gut feeling, woman's intuition, call it whatever you want, I knew the second I saw her face in my training room 553. Q. Right. Ait was because she was just there to learn as much as she possibly could so she could just pick up where I was leaving off. 554. Q. Okay.

To be honest, I couldn't remember the exact words. I don't know whether it was against families orI can't remember. 1033. Q. Okay A. I think it was against Chris Smith's family. 1034. Q. Okay. And I am not asking for the exact words, but if someone is threatening someone's family, I mean, it is significant enough that there may be something else you remember. Short of the exact words, can you tell me what that was? A. No. 1035. Q. Was he threateningto your knowledge, was Mr. Josin threatening anyone other than Chris Smith and his family? A. I am not sure. 1036. Q. So, I take it that would be a no? A. That would be a nowell, I am not sure. That is my answer. 1037. Q. And what do you A. I can't remember, sorry. 1038. Q. Sorry, you just need to let me finish the question for the record. A. Okay, sorry. 1046. Q. So, can I take it, then, that it is your evidence that Grant D'Eall prepared the expen reibursement policy for Stellar Point? A. I couldn't be certain, but he did policies. So, that would be the person, I would think. But, like I said, I don't remember. 1047. Q. Well, who did you deal with in terms of expense reimbursement? A. Jeanette Kennedy. 1048. Q. Okay. And what did she do in relation to expense reimbursement? A. We gave our expenses to her, and that was it. 1049. Q. And when you say "we", we are just talking about yourself now, correct? Or was there someone else you are referring to? A. When I had expenses, I went through her, or I went through Raj directly, because I was the assistant. I could go straight to him if I needed to. 	se

One of the other things that we talked about when we met in April was the Stellar Point expense reimbursement policy, and you told me that there was such a policy. A. Did I? 1041. Q. Do you recall that? A. About a reimbursement, like, for expenses? Yes. Yes, I do recall that. 1042. Q. Okay. And was that a policy in writing? A. I don't know. 1043. Q. Did you ever see a policy in writing? A. I don't remember. I don't think so, but there may have been, but Grant D'Eall, the one who did all the policies, would be the person you would want to talk to about that. 1044. Q. Okay. I just need to understand from you, if I could, how the expense reimbursement policybecause yo used the word "policy", worked. A. Well, I don't know if "policy" is the right word. You would write your expenses in a spreadsheet, you would attach your receipts, and you would hand it over to the office manager. 1051. Q. Which was? A. Jeanette Kennedy 1052. Q. Okay. Well, did she approve them and write you a cheque? A. I didn't have a whole lot of expenses. So, if I couldlike, if I am just referring to myself. It would either be out of petty cash or a cheque, but for me it wasn't, like, Rajif I was travelling with Raj or doing things, I was usually with a person that could take care of my expenses themselves.	u

You recruit people, and it is 4 commission-based. So, a lot of people would have a 5 team. They would do their own meetings, they would 6 write their own little manuals that had nothing to 7 do with Banners Broker International. They wrote it 8 on their own accord. 9 1168. Q. 10 A. Because people posted this stuff 11 online all the time. 12 1169. Q. 13 there, you would check the online postings about 14 Banners Broker; is that fair? 15 A. Not on a regular basis, no, but I 16 was aware of what is on the Internet. 17 1170. Q. Okay. So, throughout the 15 months 18 that you were at Banners Broker, you were, as a general matter, aware of what was on the Internet
 A. It is right here, yes. Yes, Banners Broker success manual, customer support. 1163. Q. Right. So, when you travelled around the world and met with the independent contractors, and you told us the last time we met that you would give them a training manual, was it 	 about Banners Broker business? A. No. I mean, in regards tothe reason why I was aware of manuals, remember last time we spoke about Vector? And at one point I had been in contact with Vector because affiliates were using incorrect verbiage. So, it was in some of the

But you didn't mean to say that all of the 160,000 affiliates wrote manuals, did you? A. No. 1172. Q. Okay. A. That would be silly to say. A. That would be silly to say. 1173. Q. Okay. And in fact, the reality is, it would probably be a very small percentage of those 160,000 people around the world A. I wouldn't be able to 14 1174. Qthat would write manuals? Aanswer that. You would have to ask the 160,000 people around the world for their answer. 13 1175. Q. So, from the work that you did on the Internet, checking about Banners Broker while you were employed by Stellar Point, you don't have a sense of that matter, as to what percentage of affiliates were writing manuals? A. If I were to make an educated guess,	S.R. Schlacht - 220 A. That was when I first started. Tara Josin was responsible for training at that point, so she administered the test to me. 1180. Q. Okay. Yes, these are questions I wrote while I was studying, because I had to write an exam to make sure I knew the Banners Broker program. 1177. Q. Okay. So, yes, I was going to ask you about that next, actually, Stephanie. When you say "studying", you don't mean studying at a college or a university. This was something else you were studying in relation to Banners Broker? A. When I worked at Stellar Point, Banners Broker was a client. So, because I was going to be working with Banners Broker material, I needed to be well-versed on it if I was going to train or whatnot. So, I got that success manual. I had to study it, and then I had to write a test. And that is what all 1178. Q. Okay. Acustomer support had to do. 1179. Q. Okay. And I don't know about the	S.R. Schlacht - 221 1 1187. Q.  test that you just described, and it is not something that we have heard about to date. So, I just want to talk about that for a minute. Who administered the test? 	 A. I took the answers right out of the success manual document. 1192. Q. Okay. And why were you providing that work to Chris Smith? A. Because I just threw it in there. I
