And, so, oftentimes, that spikes the chargeback ratio, and it is not really indicative of how good the merchant is when it makes them look bad. At some point the credit card processor is going to sayor the bank will say, "We can't process for you anymore, the chargebacks are too high". 1077. Q. I see. A. And, so, the processor's job is to find ways to reduce that or to mitigate the risk somewhat. Sometimes, there is different chargeback management programs, but this one would be okay, just stop taking U.S. cards, maybe there is another way you can get your U.S. payments. And the U.S., I believe, was a small fraction of what they were doing. Most of their good business was in developing countries. And, soor places like Ireland, you know? European countries. So, it had been suggested to usit had been suggested to us that maybe with this merchant, we should probably get rid of U.S. cards on this specific account, and Allied was good to work with. They didn't want to	M. Morgan - 247 Wallet would have wanted. 1081. Q. Right. A. So, yes. 1082. Q. Okay. And how long dodo you know how long monies need to be held at Allied Wallet and be subject to chargebacks? Like, do you know how that end of things A. I don't think there is a statute of limitations onthere is a statute of limitations on chargebacks, within reason. So, obviously if you bought something five years ago, you can't charge it back, but I think you have at least up to 60 days. 1083. Q. Right. A. I am not 100 percent sure, but I know with U.S. cardholders, as soon as they see their statemet, if there is something that is not 1084. Q. Do you know whether or not Alliedfrom your dealings with Allied Wallet, do you know whether Allied Wallet has any Banners Deroker holdbacks? A. Well, in their pricing, Banners Broker had a 10 percent rolling reserve, maybe hicker. Mayke it wont up to like 15 percent.

M. Morgan - 246 it is for you more with your industry consulting hat on, but how didfor Allied Wallet, what was the ratio? Do you have some understanding of the ratio of chargebacks to monies that went through their account? A. Sure. It spiked one time up to about 8 to 10 percent, specifically U.S. cards. And it wasn't anything wrong that Banners was doing, but when you see that spike in such a short period of time, it can be a lot of different factors. At this point, they were compliant will Allied Wallet, there was no problems, and so Banners Broker's program said, "Okay, we will restrict certain things on our site, or are you able to do certain things on your end?" And Allied said, sure. And Allied had orchestrated a call with us at that time to kind of outline what needed to be done to bring this under control. Otherwise, Visa and MasterCard would eventually determine what needed to be done. 1079. Q. Well, when Allied blocked the U.S. IP addresses, did that reduce the chargeback?	M. Morgan - 248 percent of all the monies collected for, you know, 90 days, 180 days", and it is assumed by most high-risk merchants that if the account is, you know, shut down, that they are not going to see that money back. 1085. Q. Why not? A. It is just how it goes with high-risk accounts. 1086. Q. Where does it go, though? 10 A. The processor keeps it. 11087. Q. Did they disburse it out from 12 chargebacks, or does the process 13 A. Well, they are holding it for 14 chargebacks, yes. 15 1088. Q. Right. 16 A. But if the chargebacksit is very 17 rare I have ever seen that money paid back. There 18 is very few processors that say, "Okay, after a year 19 we have 70,000 left. Here it is". 20 1089. Q. Right. 21 A. Very rare.

But I know they had a fixed 10 percent, and as the situation with their processing changed, I think it went up to 15. 1092. Q. And you don't know what the situation is now vis-a-vis Banners and Allied? A. No. It isI mean, the relationship has been over for some time, excuse me, so, yes, I am not too sure. 1093. Q. Okay. And then perhaps this is to the same point, but what is a whitelist system? There is a reference to it in the letter at tab 42. A. A whitelist system would be an acceptable list of cards that could be charged. So, yes, they might have dropped or deleted or restricted U.S. cards and U.S. traffic, but there might have been some that are whitelisted to be able to go through. Whitelisted are friendly, so people who are recurring buyers, or maybe someone who you know is going to be allowed to buy again, because they have a good history. 1094. Q. I see. I know that Banners, particularly Chris and Rajiv, liked dealing with Choice Bank, and they liked doing things in Belize. That is the extent of what I know. Sources are very thorough" Is how the e-mail ends. Can you just tell me about what was being transacted here? A. Yes. So, Nana is eKash. What is the date on this? 1109. Q. It is November 7, 2012. A. Okay. So, yes. Nana is eKash. I don't know if we ever ended upokay. He did end up sending money, but I don't know if we ended up still using Nana or not. There are some other players in the industry that would do cash exchanges, and I have clients that will do it, or that would have considered doing it for a little piece of the action. Nana alwaysor eKash always tended to make some mistakes on the pickup. Maybe there would be ten grand missing or twenty grand missing or something was always wrong. And, so, Chris would have to go back and chase it. So, he started to ask for additional resources. I don't believe we ever ended up using additional resources, because Nana was just consistently easier. 	1 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 2 3 4 5 10 1 1 2 1 1 2 1 1 1 1 2 1 1 1 1 1 1 1	 M. So, it is possible that he was still doing business with eKash, just maybe not Nana. 1113. Q. And what else do you remember about this, Max, specifically? A. This specific one? 1114. Q. And what commission would you have received on this? A. I don't remember. I want to say I don't remember. I mean, it wasn't something we had a table set or a schedule, like some other payments. It was probably just a handshake agreement whereyou know, it was very small. So, oftentimes it would be a grand I would earn on it or whatever, because there wasn't really much I had to do, except

It would not have been my account, because he would have already had those wire details. So, I am not sure which account it was, off the top of my head, but it was probably one of eKash's accounts, and they had several. It might not have been in Canada. It might have been if he was sending U.S. funds especially. It could have been Wells Fargo or Bank of America or one of the larger banks in the U.S. 1111. Q. What is being communicated here? A. To Parrot, the beneficiary is Parrot, so, to Parrot. 1123. Q. Okay. So, just so I understand then, if Allied had an issue with chargebacks and Banners, would they go to Aramor, or would they go to Banners or both? A. Both. The client is always going to be Banners, but Aramor helps, kind of, smooth things over. You know, if there is a third-party program we need to institute to ensure that chargebacks are brought down, we would do that. If there are certain thingsyou know, there is oftentimes shouting matches between merchants and processors, we can mediate. If there is something administratively we can do, because we have seen these kind of things before, we can oftentimes sit down with the merchant, not all merchants, but Banners, being local, we could sit down with them and explain what needs to be done. 1143. Q. Right. A. And Allied is pretty hands-on, so 1144. Q. Well, you had an agreement with Allied, because A. Yes.	Page 104 M. Morgan - 263 1 out. What was the purpose of this meeting and this 2 e-mail? What was going on at the time? 3 A. Well, Lyndon ministered a lot of the 4 accounts, but I think UseMyServices had some 5 compliance issues with Banners Broker. They are 6 outlined here to some degree, integration with 7 Telpay, that was complete. So, that is on Lyndon's 8 end. That is a separate merchant account, I would 9 imagine. And then where I came into play, in terms 10 of kind of understanding what was next, Rajiv had 11 asked for merchant accounts or Canadian-based 12 merchant account for Stellar Point for webhosting, 13 virtual office services in the event to get event 14 maagement services. So, we covered all that ground 15 n. how they can stay in line with their 16 payment processors? 17 A. Yes, we were. You know, informally, 18 we have an interest in it because we are earning 19 commissions on it, we don't want to see any of the 19 in, and advise them as to what to do. So, yes
Page 103 M. Morgan - 262 1 1145. Qthat was undertaking number 6 2 A. That is correct. 3 1146. Qand to produce it, but did that 4 agreement 5 A. No, it had nothing to do with that. 6 We were not obligated to be notified of anything. I 7 think Allied just likes to strengthen the 8 relationship with their resellers, and it is just 9 good business practice to involve us. 10 1147. Q. So, tab 58, please. We are moving 11 forward towards the end of the relationship, but it 12 is March 21, 2013, the subject of this e-mail is 13 "Aramor update and joint action items". It 14 references a meeting in the first line. 15 A. Yes. 16 1148. Q. Between Lyndon, who drafted the 17 e-mail, yourself, Chris and Raj. 18 A. M'hmm. 19 1149. Q. So, do youand I take it that it 10 was an important meeting just by reviewing the 21 e-mail. Do you recall this meeting?	Page 105 M. Morgan - 264 1 A. All right. 2 1153. Q. And let's start with the second page 3 of the production. 4 A. Sure. 5 1154. Q. So, Chris is writing to you on April 6 the 3rd, 2013, to give you a time reference. 7 A. Yes. 8 1155. Q. He says: 9 "Maxwell, I hope all is well. Can you 10 please do another wire to Parrot Marketing? 11 Only \$15,000 of the \$60,000 has been 12 received so far, not to mention the missing 13 \$300,000. Please give me an update on 14 that. If there is a chance again to 15 receive cash in the States, let me know and 16 I will go pick it up" 17 So, there is a few thoughts that are in that e-mail 18 from Chris. 19 A. Okay. 20 1156. Q. Well, first of all, what did you 21 understand him to be asking you to do? 22 A. Well, that was our last 23 communication, I think. Chris had

So, I had advised them time and time again not to do it. I wouldn't do it. So, you know, I am not going to advise a client to do something that I wouldn't do. I told him, no, you don't need to do that. He had already been stopped by the police with over \$100,000 on him, and takethe money taken andyou know, there had been a lot of inconsistencies with Chris, and I told him it is just not a good idea. I had a client that had mentioned to me that he may have someone who can do it. I don't know if it was affiliated with Nana or not. I can't recall. It is possible that it was still Nana that did the transfer, but I had a client that said, you know, we can do this. I have a guy who can do it, and he will accept less. And, so, I had Chrisd not to do any transfers any longer. It is probably not the best idea, you know, and it is in Canada, et cetera, but he continued to want to do it, and he wanted cash. As I said, "I don't mind facilitating this for you, but I can't be responsible for the money". I said, "I don't know anything about these cash transfers". And Chris said, "I need to do it". So, it got done. Now, I don't know if it wasI don't think it was to our account directly. I believe it might have been to whoever's account it was that had the 300K that they to get. I just told Chris, "You are on your own". Chris didn't cry or get upset. He understood the risk. To me, it was just another \$300,000. 1170. Q. Okay. And is that correct? A. I think so. Q. And you say "[you] think so", was thatwere you involved in corporate governance issues with respect to Stellar Point or was there somebody else who sort of looked after that on your behalf? A. Yes, if I cannot to get into a story, but I have to be able to get into the story so, you guys will understand where I am coming from. Q. Sure.
Page 3 L. Guarini - 3 1 LORENZO GUARINI, affirmed 2 EXAMINATION BY MR. WARD: 3 1. Q. Good morning, Mr. Guarini. Am I 4 pronouncing your name right? 5 A. Yes, perfect. 6 2. Q. Terrific. So, just prior to going 7 on the record I introduced the people around the 8 room. And we are here today to investigate the 9 business and affairs of Banners Broker and Stellar 10 Point and companies that are related to them. We 11 understand that you had some involvement with those 12 companies over the years, in some capacities, and I 13 am going to give youwe will chat about that 14 today. 15 We are particularly interested in any 16 information that you may have in terms of how people 17 were paid and how the companies interacted with 18 investors around the world and the business model 19 and the flow of funds, as between banks and payment 20 processors and whatnot. And I appreciate that some 21 of those issues you may know nothing about,	1 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 9 20 21 22 3 24 25	Page 10.	L. Guarini - 5 A. So, years ago, I met this Rajiv Dixit, because I am a network marketer. I took this guy who was basically broke and took him under my wing. I have been in network marketing for years. And I taught this guy many things about network marketing and things like that. So, we became friends. And we got involved in a couple businesses together before that. When I got involved with this Banners Broker was through Rajiv Dixit. And I was brought into Banners Brokerfirst, I was coming in as a customer of Banners Broker. And then, as it went along, I started with them as support, a support person for Banners Broker. I knew nothing of online advertising. I'm not very good online. So, I didn't understand advertising funnels and all this other thing. So, when it came to doing business, Rajiv Dixit climbed the ladder with these guys, okay. And instead of me having positions or advertising panels, okay, like, I purchased with the company, they wouldn't allow me to bewhat's the word I'm looking for? I wasn't allowed to partake, okay? I either worked for the company or I was just like a regular person joining in the company. Q. Not an affiliate?

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	L. Guarini - 6 A. They wouldn't allow me to be an affiliate. At first I was, and I made my first, I think aroundI don't know the exact amount, I think, \$360 and then they cut me off and I wasn't allowed to be an affiliate anymore. Although I did know people and the people that I knew, friends of mine that had joined the company and then started building from there, but they didn't allow me. And so what I did wasI didn't want to have to come to Toronto. I was retired from Chrysler and I didn't want to have to come downtown Toronto, as you can see today, it was a nightmare just to park. And so I agreed that I would do support, so long as they could teach me and teach me and teach me, because I'm not that quick especially when it comes to computers. So, to be quick about it, that's where it all started, that's where it all began. And at that time, he asked me if I could work four hours from home. He said, "You don't have to come to Toronto", right Q. Dixit said this? A. No, this was Chris, Chris Smith. This is long before Stellar Point. And this was from Banners Broker. I don't know if it's	$ \begin{array}{c ccccccccccccccccccccccccccccccccccc$	 L. Guarini - 8 chiefs at that time, when I first started, was Chris Smith and Kul Josun, okay? Those were the two guys that were basically in charge. They were the big guys. And Raj Dixit got involved at that time, too, but he didn't have the power, let's just say. He wasn't the principal boss. Q. Okay. A. As the company started to grow, within that first yearI mean, from the beginning it started with, really, with my friends. It started in Ottawa, okay, with some friends in Ottawa, and then from Ottawa, it went to New York, Florida, California and then Europe, and it just exploded, it went crazy. Q. Let me just interrupt you for a second. And then I will let you finish the story, okay? A. Yes, no problem. Q. But I want to put a time period on this, because if you look at the document that I have put in front of you, it looks like you were involved with Dixit in Stellar Point in the fall of 2009. And we know Banners Broker didn't start up until at least a year later. A. Yes, so I don'tthat's why I said

And I did support and he said, "only four hours." From four hours, I found myself going from four to fourteen hours. I got paid \$200 a week. Q. For how many hours, four hours a day? A. Well, yes, and sometimes six, sometimes ten, it all depended. But I did it because I was home and, you know, it was money. So, it helped out. And that was at the beginning of this company. Q. So, 200 hours a week, customer support, from home, at the beginning. Does that sound A. Not 200 hours a week? A. Yes. Q. Right, okay that is what you were paid? A. Yes. Q. Okay. A. So, to move along further, the company started to grow within the first six months, eight months. Okay, I just want to stop there. The Portugal convention was in July of 2012. A. Okay. 41. Q. Because we know when it was. A. Okay. 42. Q. So, that's when Josun left or was fired? A. Yes. 43. Q. Now, were you personally part of the decision to fire Josun? A. No, I had no authorities orI had no authorities at all. 44. Q. How well did you know Josun prior to that? 	345678910112314516718920122	 47. Q. So, you were working with Josun then, before he was fired? Did you deal with him on a day-to-day basis? A. No, because Kul was alwaysat that time, at the beginning, Kul came with me to Ottawa, we went to Ottawa. We went to New York together. We went to Florida together. 48. Q. Anywhere else? A. And I think Vancouver. 49. Q. Vancouver. Anywhere else you guys travelled together? A. Not to the best of my knowledge, no. Okay, and then Kul started going to Europe. So, I didn't really see Kul unless he had come back from Europe. Once in a while, I would see Kul. 50. Q. Did you ever go to his house? A. No. 51. Q. Or meet his family? A. Never. In Portugal, I knew he had two sisters, butand his daughter.

So, tell me some more things about Josun, in terms of what was he doing at Banners. For instance, why did you travel to Ottawa, Florida, New York and Vancouver with Kul? A. It was to help grow the company, okay? Because there were presentations that were being set up. There were a lot of people that were coming to see what Banners Broker was about. So, they wanted to know about what everything Banners was doing. So, Ottawa was a lot of my friends, a lot of my people. So, they would come, and we set up a meeting, a hotel meeting and things like that. And Kul would come and I would more do the presentation than he would, because he really wasn't very good at doing presentations. Like I say, good guy, he was charming, everything else, but he was not a good presenter.	Page 20 L. Guarini - 20 1 he was doing okay. Just based on him bragging. 2 61. Q. Yes. 3 A. But he didn'tI can't say the 4 amount, because I don't really know. But I know the 5 way he was spending 6 62. Q. Fair enough. What was his lifestyle 7 like? 8 A. Oh, he had a good lifestyle. He had 9 a good lifestyle to the point where all of a sudden 10 he got an Audi A8, and it wasn't just that. 11 Whereout of the U.K., I also have friends there, 12 okay. So, they would go to the meetings in the U.K. 13 and then say, "Yes, Kul was there." But a very good 14 friend of mine said, "Man, like he really acts like 15 a hotshot, right?" I said, "What do you mean?" 16 "Well, like he's out there buying drinks for 17 everybody," blah, blah, blah. 18 63. Q. So, you saw the Audi A8? 19 A. Oh, yes. 20 64. Q. And you understood that to be what,
22 23 24 25	 56. Q. So, was it just the two of you guys that would go to these cities? A. No, sometimes Chris would come. Sometimes Dixit would come. So, when it came to goingwhat's it called, yes, Trinidad and a couple 	21a Banners Broker car or something he purchased with22his own money?23A. Oh, no.2465.Q. Because he was bragging, right?25A. Yes. And so I don't know if he

When it was just your regular Ottawas andthey really didn't want to go. 57. Q. So, in any event, Ottawa, Florida, Vancouver and New York, you would go, you would to hotel presentations to affiliates? A. Yes. 58. Q. And would you guys collect money from them? Or what was the pitch? A. No, if they wanted to sign up, they could sign up. But never accepted money. I never accepted money. Nor did I have the authority to, nor would I. Because I didn't want to be responsible for people's money. 59. Q. And so just staying on the topic of Kul. A. Yes. 60. Q. Do you know how he was paid for what he did? Did you have any sense of that? You 	Page 21 L. Guarini - 21 1 bought it with his own money, with Banners Broker 2 money. I 3 66. Q. Tell me about the bragging. Like, 4 just describe the sorts of things he would say. 5 A. Well, basically, he said, "This is a 6 lifestyle." I mean heand with all due respect, 7 I am not racist in any way, but it's likeall of a 8 sudden it's likeand it seemed like, especially 9 the Indian men, they get to a certain point and they 10 think that their life is a much better standard than 11 everybody else. And they like to look down. 12 I know that from experience, from Rajiv 13 Dixit and all that other stuff. I don't care for 14 that kind of stuff, but Kul had an arrogance, okay. 16 But he let people know it. 17 G7. Q. What else did he spend his money on? 18 A. I mean, he was always wining and 19 dining. From what I heard, again, it's hearsay and 10 I know it isI'm saying "hearsay", but I know that
21 22 23 24 25	mentioned some rumours earlier. But just leaving aside the rumours, what do you know about how this guy was paid by Banners Broker? How well did he do? A. I would be lying if I answered, because I don't know the exact amounts, but I know	 I know it wasn't just hearsay. As much as it was women, if you know what I mean. And not just him, Dixit. These guys would go and spend five grand. And I knew not to doubt it, because I saw the way they were doing things.

I can't prove, like I said, but I know that I know. 146. Q. You read this. Did he ever tell you anything about KulClub? A. No, oh, no. Because he was already split, separated. 147. Q. Got it, okay. So, we will go back to Dixit now.	1 2 3 4 5 6 7 8 9 10	L. Guarini - 40 wife? A. Jennifer. 152. Q. All right. A. Then the expenditures started coming in where all of a sudden he's coming in in Armani suits. I could tell you all kinds of things, okay, Armani suits. \$35,000 bottle of cognac. And I am not exaggerating. Limousines. A private jet for him and his wife and his mother to fly to, I think it was Bahamas. And it was right before New Year's.
11 12 13 14 15 16 17 18 19 20 21 22 23 24 25	 A. Yes. 148. Q. And obviously you know a lot more about Dixit. So, what can you tell us about Raj? A. Well, from the beginning, seemed to be cool means like everything was normal. I couldn't afford to go out to dinners and all this other stuff. I mean, I was making 200 bucks a week. And I'm retired from Chrysler. So, I'm not living this high lifestyle. But I started seeing that they would always go out to dinner, you know, Kul, Raj and Chris. Always going out to dinner, always, constantly. Downtown. Little by little, as the company started to grow, I started seeing little expenditures and then 	11 12 13 14 15 16 17 18 19 20 21 22 23 24	Rings. Vehicles. A house, not rented. Big chunk of change on a house. And when I asked him, "How much are you getting paid? Like, how much are you getting paid from this company?" He says, "Oh, you know what, man, I work my ass off. If not for me this company would go kaput", right? And I said, "Well, no offence, but I seem to be doing a lot of work here and I'm not getting compensated. So, what gives? What goes on? Like, I'm working for peanuts." And I got a raise, I don't remember how much, but I will figure it out. I am just trying to think because the monies that was spent was concerning to me. As it got bigger and bigger and all of a

I can't remember what other vehicle he had at the time, but this was the beginning of the whole shebang. So, he started with a Chrysler 300. I don't know how much he was making, okay, but there was a slight swagger, you know, like, he was spending. As the company was growing and as he all of a sudden became the new Kul, well, I started noticing, all of a sudden he's got diamond rings, he's got jewellery for his wife. I don't know how muchmy wife even knows more than that, because he had talked to Dixit's wife. So, I don't know how much he had spent, and then	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	 153. Q. You saw the jet? A. Oh, yes. 154. Q. Just tell me about that. I mean, we will cover the rest of it too, but how did you end up seeing the private jet? A. Well, I knew that he had taken a private jet, because he was asking me if my daughter would go with them so she could babysit the kids. And we said, "No." So, he said, "She'll be on the private jet with us. It's just us." And my wife wasI know she was utterly disgusted. But you know what, he's the bigwig with Chris, so be it. But the expenditures, his lifestyle, was not the lifestyle of the Rajiv Dixit that I was used to knowing.

And I knew when he was telling everybody in Toronto, in the office in Toronto, what to do, when to do, how to do, "You better jump and I'll tell you know high," type of thing, it's the way it was. Nobody liked him. They didn't like him so bad they wanted him out of there. Just send him somewhere else. And this is the employees that were at Banners Broker. And I understood. I understood why. I

Sheet 16Page 581we will get that to you, so that's great.2A. Yes.3221.Q. Rajiv Dixit, before Banners Broker,4the end of Banners Broker, tell me more about some5of the changes that you observed.6A. Well, from a guy that was living7week-to-month to a guy that was, all of a sudden,8spending money like it was water, like it was9nothing. And that'slike, a 1,000th percent10difference. Not 100, a 1,000. So, he went from,11let's say beingyou know, living from week-to-12week, okay, to living high off the hog.13Evenand that's another thing I will14bring up, too. You know, I had never seen anything15like this. And this is why I say to you earlier,16it's the thing that just really got to his head.17And now I started realizing that this guy has got a18sickness, okay. He is really sick up here. He19could switch on and off, like a dual personality.20And tell me that people were after him.21"Okay, you don't know, man, we need security."22"What are you talking about?" And I will give you23the perfect example. We were in the U.K., we were24in ManchesterBolton. And it was a big hoopla,25okay. And you know what, this wasfor me, it was	Page 60 L. Guarini - 60 1 And so I stuck with all the distributors or 2 what have you. I don't know whatwe will use the 3 term "distributors". So, I spent time with them. 4 And they said, "No, you gotta come right now." As 5 if I'm supposedly, you know, like a vice-president 6 of the United States. I don't even think the 7 president gets that much security. It was 8 ridiculous, right? And it wasn't once. 9 222. Q. Who was it that wanted that 10 security? 11 A. Rajiv Dixit. Chrislet me tell 12 you about Chris. When I met Chris, Chris was really 13 tight with a penny, very tight. Raj got him to 14 really loosen up the strings, to convince him that, 15 "You need security, you need this, you need that", 16 all the hoopla and everything else. I was 17 embarrassed. I was embarrassed. I don't need 18 security. There was nobody out to get me. I was 19 out there to do presentations, period. Why would 20 anybody be out to get me? And if you want to have 21
Page 59 L. Guarini - 59 1 great. I went upand when I spoke to people, I 2 spoke from here. I didn't memorize things or know 3 what I was going to say. I just spoke from my 4 heart. And I could feel it, because it emanated to 5 the people. 6 But then we would get to the big hoopla 7 after. This was the big presentation and my talk to 8 the people, okay. I had people crying, I had people 9 laughing, and it was fun. And after that's over, 10 everybody is coming to the front. Everybody wants 11 to touch me like I'm Tony Robbins, you know. And 12 it's a great feeling, because everybody was happy. 13 It was a great business. Everybody was getting 14 paid. Everybody was making money, so I'm happy. 15 But when we get to the event, okay. We 16 have got buses that are taking us there, limousines, 17 20, 30 security guards. What? "Lorenzo", he was 18 Irish. He's a good guy, he's a really good guy. 19 And like I said, if you are paying me a crap load of 20 money, I don't care what you want, I'll do whatever	Page 61 L. Guarini - 61 there was a lot. 2 224. Q. More than five? 3 A. Let's say 10, okay. I wonder if I 4 could find that out, too, maybe. 5 225. Q. So, the question that we have for 6 you on this side of the table is, do you remember 7 the name of anyone on the security detail or the 8 name of the security company or could you find that 9 out for us and let us know? 10 A. Yes, I will. I don't know what the 11 security company would be called, but, yes, I will 12 see if I can get a hold ofhe's in Ireland. 13 226. Q. Okay. 14 A. And, yes, I'll do that. So, make 15 sure you write down all these things and I will 16 chase it down. U/T 17 227. Q. We will. And just on the subject of 18 security, in Portugal, I take it, there was some 19 security as well? 20 A. Yes. These were the biggest guys I 21 have ever seen in my life. The one guy, a black 22 guy, hisyou and me, and I'm not exaggerating, he 23 is the biggest guy I have ever seen in my life. Not 24 the tallest. 25 228. Q. Right.

Q. And where did you read about that? A. Online where somebody sent me the Spergel report. 277. Q. Okay. A. And wow, when I read that. 278. Q. Did Chris or Raj or Josun ever tell you about any of Chris' properties or investments? A. No. 279. Q. And did anyone A. I knew about the Stellar Point building, nothing else. 280. Q. The Stellar Point building in Whitby? A. In Whitby. 281. Q. Right.

So that was it, end of conversation. I called Chris and I told Chris, "Look, buddy, you need to really, really bear down and I need answers, Chris." I told him the situation of what happened in the Stellar Point office. And he said, "I know, Zo. Listen, just calm down", because I can get testy. Basically, I didn't like that answer either. And I said, "Listen, if I don't get answers, I want to know why people aren't getting paid, Chris." "Now, what happened before, you are going to right the ship and everything else. What's going on right now, I need to know why people aren't getting paid. At the very, very least, give me something credible, because I can't believe this anymore. Not with the expenditures and what I'm seeing going on with this little Hitler and what he's doing with monies. What the hell, Chris? And who's giving him all this money? And when I questioned them on this blind network, I even looked up "blind network", and it's real. Like when I asked them, "Is this blind	4 5 6 7 8 9	 309. Q. Ďays? Weeks? A. Say weeks. What about your side of the account, what did it look like? A. Minuscule. But it wasn't huge, in any way. It's been so long, I justI don't remember numbers, but it was very minuscule. 388. Q. Right. Okay, so tens of thousands of dollars? A. Yes. Tens of thousands, not 389. Q. Okay, did it ever get over \$100,000? A. Well, it was supposed to be, yes. It did get over \$100,000. 390. Q. How high did it get? A. As far as I'm concerned, it was supposed to be, altogether, about \$130,000. And my monies, like I said, I didn't spend it. That was going to be my retirement, where I'll pay off my mortgage and pay everything off. And so, if I'm getting interest, hey, I'm making money on interest. So when it comes to that, my son hadhe was also distributor. Not distributor, what's the other word? 427. Q. Affiliate? A. Affiliate? A. Affiliate? A. Affiliate. He was also an affiliate before he became my assistant. So they made him give up his account. He never received a dime of that money. 428. Q. So is that the \$18,000 amount that's described as "Nick's payout"? A. Yes. 429. Q. But I justI need to understand how your salary changed. And I know \$200 a week, 	$ \begin{array}{c} 1 \\ 2 \\ 3 \\ 4 \\ 5 \\ 6 \\ 7 \\ 8 \\ 9 \\ 10 \\ 11 \\ 12 \\ 13 \\ 14 \\ 15 \\ 16 \\ 17 \\ 18 \\ 19 \\ 20 \\ 21 \\ 22 \\ 22 \\ 22 \\ 22 \\ 22 \\ 22 \\ 22$	L. At that time, this "\$30,000 three months' pay" was for, if I'm not mistaken, August, September and October. Because I had left, if I'm not mistaken, in August. 435. Q. Okay. A. So, this "\$30,000 three months' pay to you" is monies that he is sayingbecause I had got the raise. I was supposed to start 436. Q. Like a severance payment. You had stopped, had the fallout in his office, right? A. Right, and so I was supposed to get paid from there on in, \$10,000 a month. 437. Q. Got it, okay, I understand. A. Yes. 438. Q. And up untilwell, at any point, did you ever have a written employment agreement with Chris or Dixit or any of their companies? A. Not to my knowledge, no. 439. Q. And so was everything just negotiated orally. Like, requests for raises and	
23 24	then up to \$500 a week, plus your expenses?	23	things like that?	
24	A. Yes. 430. Q. Then what did it change to after	24 25	A. Yes. 440. Q. Okay. So going through the e-mail,	
	Page 111		Page 113	
1 2 3 4 5 6 7 8 9 10 11	L. Guarini - 111 that? A. At one point I was making \$5,000 a month. At no time did it ever get, really, that much higher. \$7,500 right near the end. They were going to be starting to pay me \$10,000 a month. 431. Q. So this \$100,000 bonus that's referred to in tab 27, is that part of that compensation or is it a bonus to A. No, it's part of that compensation. 432. Q. Okay. A. It's not a bonus to anything. From	1 2 3 4 5 6 7 8 9 10 11	L. Guarini - 113 then, the next thing that Dixit says in the September 18th, 2013 e-mail is: "The total of the amounts we discussed is \$148,000" And then he says: "Minus \$32,000 I already sent to you" Do you see that? A. M'hmm. 441. Q. And do you know what he's referring to there? A. No. I don't rememberthat, I

So, they started to compensate me more and more, when I would bring it up. Because I deserved it. 433. Q. Right. A. And I felt I was grossly, grossly underpaid for what I was doing for this company at that time. 434. Q. And then the next line in this e-mail says: "\$30,000 three months' pay to you" What is your understanding of what he meant there? A. Well, when he sent me thisif I'm 	12 13 14 15 16 17 18 19 20 21 22 23 24 25	 don't remember. 442. Q. And he says: "Minus \$20,000 I transferred to Kelly's numbered company for TVs that never showed up" A. M'hmm. 443. Q. Do you know what he is referring to there? A. Yes. 444. Q. Okay, tell me about that. A. Okay, my wife and Ithere was a guy that had done our kitchen. And his friend was dealing in clothing like this and televisions and all kinds of stuff, and they could get all these TVs

L. Guarini - 114 for pennies on the dollar type-thing, so no problem, it was a good idea if they could deliver type-thing, okay? Well, they had us convinced and so we were supposed getbuy a bunch of TVs, get them all done, get them delivered and then we could sell them at a profit. 445. Q. You and who, you and Kelly? A. Well, yes. Kelly was going to do, what do you call it? Buying and selling. So these were supposed to be in the States, the televisions. The other things like this and the iPhone covers, there was all kinds of stuff like that was supposed to be from China. So this guy had been a trader in China in Guangzhou. So Kelly had told Raj this. I told Raj that Kelly was talking to this guy and he's going to go to China and guy a bunch of things. Whereas Kelly had talked to this very same guy and said, "Why don't I go to China together, because he had been doing this for a long, long time. And so when I told Raj about this, Raj gets the businessman idea thing and wants to get involved. And so what had happened was he now wanted to talk to Kelly and says to Kelly, "Look, you know what, I'll send you to	L. Guarini - 116 tell you about, basically, what that's about. 449. Q. Okay. So, apart from Kelly and Dixit, who else was involved in this venture to China, was it just Kelly and Dixit? A. Yes. 450. Q. Okay. A. No other parties, until Chris. Now, Chris could be an outside third party. I will explain to you. 451. Q. Yes, well, explain that now. Is it possible that Chris was involved? A. Chris did buy the rest of the Dr. Dre. When Kelly went there, she had ordered these Dre. They got delivered, some were stopped in the States. And I wish we would have saved the paperwork, because they wanted that we pay some kind of fine or whatever and they would release the goods or something like that. I don't understand any of that stuff, never got involved. But it was something like that, to that tune. Now, when these Dre Beats go there, they went to the Stellar Pointinside the building. In the back and they were stacked and all that other stuff. And so he's saying that they were counterfeit. Well, how do we know they are

She went to China and set met up with the one guy that she knows, one of his guys. 446. Q. In Guangzhou? A. In Guangzhou. She went to Hong Kong and then went to Guangzhou. So, she went there to search for what he wanted, and that was the Dr. Dre Beats. 447. Q. Right, headsets. A. Headsets andthere was other things, there was cell phones 448. Q. Right. A. that you could use, you could put two different chips or whatever, one chip for one number, one chip for another. It was a state-of- he-art thing. There was a bunch of other stuff. And Kelly used that money and did what she	Page 117 L. Guarini - 117 1 counterfeit. We don't know. Kelly didn't know. I 2 meanyou know, you are sending my wife to China, 3 for crying out loud. She has never done anything 4 like that before and so whether they were real or 5 whether they were counterfeit he took them anyway. 6 452. Q. Yes. 7 A. Now, they tried to do their set up 8 with their penny auction thing and whatever and made 9 sales and did whatever they did. Then that didn't 10 roll over too well. Whatever was left, Chris, if 11 I'm not mistaken, Chris bought the rest of it. What 12 A. Yes. 13 453. Q. Okay. So, just going back to the 14 Dixit e-mail to yourself 15 A. Yes. 16 454. I'll make the accounts grow for 10 percent or 15 percent of what you put in." So what they would do is, these people would go and pay them, Lyndon and Ian, the money. And then Ian would buy their positions and take 10 percent of that money out, immediately, and put it in their pockets. Instead of growing the account, and then taking 10 percent, they took 10 percent right off the top, in cash. Chris Cronin was not the only people that this happened to. I brought this to the company's attention and said, "These guys needed to be out. They are taking cash", and it wasn't the only time. Now, what they were doing also was manipulating panels andas an example, instead of you paying me, because my company is selling this food, okay. You now have access to panels, to everything in the back office. They would go and give people panels and sell them for cash. They made quite a lot of money, and there's a lot of people right nowthat's why I kind of chuckled when I saw this report, the Spergel, that the very guy who's trying to take BB to court was one of the

This is a resolution of the shareholders of Rajiv Dixit's company. A. Yes. 602. Q. I think maybe you have that. You do. And do you recognize that signature on the right as your wife's signature? A. Yes, I do. 603. Q. And that's a resolution with respect to a name change of a numbered company to Banners Broker Limited. Do you have any explanation as to why she would have signed that document? A. You know what? Honestly, Raj would tell us, "Yes, you know what, you need to come in here and sign this, sign that. I need a director, I need somebody to sign." And he would constantly that's what I'm telling you, like, I don't know from one thing to the next, I really don't. I don't even know what a resolution to a shareholder thing is. You know, we kind of trusted that he's doing the right things out there and doing whatever. 604. Q. But you say Raj would do that. Presumably, I mean, Raj didn't contact Kelly directly did he? And then to finish off with the same sheet, the Stellar Point general ledger for the following year, as at December 31, 2013, indicates that a Kelly S. was paid \$42,000 for subcontracted services on January 31, 2013. She went into the office one day and his lawyers were sitting there. It wasn't long after he wasn't so happy and basically said to herI don't know, he insulted her one way or another. And basically said, "Look, you know what? You are not a business person. So I'm just going to take over Bazinga and if there's any monies that are made, I will give you a little bit of profit." Basically, "Just sign it over." His lawyer was there, whatever. She didn't care, she just signed it over. If he asked her to do something, she did it. Just us beingI'm going to claim ignorance in not understanding, that's all. 605. Q. Okay, so then have a look back at the loose sheet that I passed across the table, Lorenzo, on your left. A. I mean, I know we talked about what you were paid, right, and I know it wasn't documented in the employment agreement. But how were you paid? A. My monies were to be going in that offshore account. So my pay was supposed to go into the offshore account. A lot of it went to the card, that was to cover my expenses, plus some of my pay on the Vector card. 613. Q. Right, but the money in the offshore account you never got, because he took it back, right? A. Yes. 614. Q. So you must have been paid something apart from your expenses, when you were working. A. 		23 24 25		A. Okay, I guess that first Christmas we went over there. I was never a fan of his, I always felt distant, but for some reason Lorenzo felt sorry for him. Lorenzo has got a big heart and

Kelly, as a follow-up to Lorenzo's 4 examination, we have some questions relating not 5 just to Banners Broker, but to a company called 6 Stellar Point. 7 A. Yes. 8 2. Q. And to a company called Dixit 9 Holdings Inc. that you may have heard of. 10 A. M'hmm. 11 3. Q. And finally to a company that we 12 believe that you were involved in, a numbered 13 company, by the name of 8136645 Canada 14 A. Yes, that's mine. 15 4. Q. Okay, and we will just call that 16 "813 Company" when we get to it. 17 A. Yes. 18 5. Q. But first of all and very generally, 1 justI want to give you an opportunity to 20 describe for us your involvement, if any, with 21 Mr. Dixit, Mr. Smith, Mr. Josun and the Banners 22 Broker business 23	1 2 3 4 5 6 7 8 9 10 11 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 9 20 21 22 23 24 25	9. 10.	K. Stinson - 5 we are not here to talk about Lorenzo but I have his back. And I was in the background watching a lot of this happen. So I am only going to give you my eyes to what is happening. We were over at his house and he saidthis is when he was really getting into it with Chris Smith and really bonding, I think he started seeing money coming in. Anyhow, he said something like this, "Well, you know, I'm the boss, I can hire and fire anybody, including Lorenzo." And Lorenzo didn't hear that. And I was like, he was still bonded with Lorenzo, with that house. Q. Yes. A. Poor Lorenzo, and our family suffered with this guy. Lorenzo had to go everywhere with him. He went to anger management classes, Lorenzo had to take him. Or Lorenzo had to watch his kids. He was hooked with him. And then when he got a little bit friendly with Glenroyyou know Glenroy? Q. Yes. A. You have got that name, okay. He was living with us.

I 7 went behind Lorenzo with it and I said, "Okay, I 8 wasn't happy with it." I never trusted the guy. 9 Anyhow, then I met Chris Smith and lovely guy, 10 wonderful guy, I have absolutely nothing personally 11 to say wrong about the guy. Never did me any harm, 12 my family harm, as far as personal. Nice guy. 13 His business dealings, that's a whole 14 different world. So my assessment of Chris 15 Smithfirst of all, my assessment of Raj, 16 pathological liar. He will throw his mother under 17 the bus, he will throw everybody under the bus. You 18 can't believe a word this guy says. He makes all 19 kinds of deals with the devil. And I never trusted 20 the guy. So I don't know if I am making it very 21 clear, I don't like the guy. 22 Chris, I can't say that. Very charismatic, 23 very nice guy. Had a great idea, everybody is on 24 it starting forward. Great idea, everybody is on 25 board. Kul, we'll go to Kul for a second. Met him	 K. Stinson - 8 A. In the beginning, when it all started, Lorenzo was an affiliate, I was an affiliate, my dad, you know, the family. Just like you would sponsor into Amway and all the networking, that's how we started. 22. Q. Okay, and how did you do as an affiliate? A. I did pretty good. Not the greatest, but I would see my account here and there and I would see some money in the account and then I would see it disappear. There was Lorenzo giving money to some affiliates who needed help. Remember, Lorenzo, he travelled the world. We were okay, financially. So when you go into these other worlds and I'm looking at my account and I go, "Where did that money go?" "I helped a few people over here and there." And if you want a list of the people he helped, he can more than give it to you. I don't know who. I will tell you when we were in Portugal, there was a couple, Lorenzo can give you the name if you want to take that note, and he was just pulling money out of his account to help them. These people went there 23. Q. Who, Lorenzo was? A. Yes.

He would transfer 5 my panels, which is kind of money and give it to 6 them. 7 25. Q. Because Lorenzo, he had to give 8 up 9 A. Yes, he did. 10 26. None of this stuff gets explained. So, fine. Then summoned to the office in Whitby to meet up with the lawyer to sign papers. And that's what you see. No explanation, just papers on a big table, a bunch of burgundy books. I assume they were corporate books. And I did see one paper that stated, you know, "Dixit Holdings". I was a little nosy and seen his whole, how would you say, set-up, with allnow, Bazinga was there, but he said, "Don't worry about it", he's taking over all that. Arrests in \$93M US pyramid scheme, Toronto and Vancouver men charged

Broadcast time: 10:39 Wednesday, December 9, 2015

Financial Crimes 416-808-7300

Case #: 2014-1863297

The Mass Marketing Section of the Toronto Police Service Financial Crimes Unit is a member of the Toronto Strategic Partnership against Cross-Border Fraud. The partnership represents a combined enforcement strategy, specializing in the investigation of mass marketing fraud in, or originating from within the province of, Ontario with cross-border implications.

In January 2013, the Financial Crimes Unit started an investigation into an alleged pyramid scheme. The Toronto Police Service was assisted by investigators from the RCMP, Competition Bureau of Canada, Ministry of Government and Consumer Services, Ministry of Finance, U.S. Federal Trade Commission, FINTRAC, and the Canada Revenue Agency.

It is alleged that:

- between October 2010 and March 2013, a pyramid scheme known as "Banners Broker" was operated out of a Church Street address in Toronto

- the scheme offered participants the opportunity to double their money by investing in an advertising company that had access to a "globally renowned network"

- participants were led to believe their investments were being applied towards a program that offered payment for the direction of web traffic via referral links

- the program's existence was entirely dependent upon the fee-based entry of new members and little or no real product or service was provided

- new investors were drawn into the scheme via a series of false or misleading representations

- by the end of 2012, over \$93 million US was obtained from thousands of participants, of which approximately \$45 million was paid back to participants in the scheme

- the remaining funds were funneled to a number of offshore accounts in Belize, St. Lucia, Cyprus, and others

ID: 33520

On Wednesday, December 9, 2015, Christopher George Smith, 45, of Toronto, and Rajiv Dixit, 45, of Vancouver, were arrested. They are charged with:

- 1) Defraud the Public Over (\$5000)
- 2) Possession of Proceeds of Crime
- 3) Launder Proceeds of Crime
- 4) Operate Scheme of Pyramid Selling (Competition Act)

5) Make False or Misleading Representations (Competition Act)

The were scheduled to appear in court at Old City Hall on Wednesday, December 9, 2015,. The proceedings are subject to a publication ban.
